*The Value Of Life Insurance
Made Simple*

Life can be complicated, and it comes with no guarantees. Changes in family dynamics, the economy, in employment status or careers, financial resources, or other events can leave you and your loved ones uncertain of what lies ahead.

Life insurance is different. It does provide you with invaluable guarantees:

- Cash value growth*
- An income tax-free benefit[^]
- And coverage when it's most needed.⁺

We offer simplified and guaranteed issue whole life insurance products as well as term and accidental death coverage plans. And, many of our products can be tailored to meet your specific insurance needs through the use of riders and benefits, several at no out-of-pocket cost to you.

Our goal is to provide competitive life insurance coverage, specific to *your* needs, as *simply* as possible.

By giving you, your family and your livelihood the protection you need, life insurance ensures that what you value most in life is covered, no matter what the future holds.

While you can't always predict the changes that will happen in your life, you can depend on life insurance from United Home Life and United Farm Family Life to provide an income tax-free benefit[^] that will help ease the burdens of:

- Day-to-day expenses
- Lost income
- An outstanding mortgage
- Provisions for a special needs child
- Credit card balances
- A car loan
- Medical bills
- College tuition
- Student loans
- Funeral costs
- And other financial responsibilities.

Life insurance protects everyone, from single adults, newlyweds and young families, to empty-nesters and retirees. Ensure your loved ones can carry on financially by insuring the future – **their future** – with life insurance.
